Services

Government Contracting Services

Our comprehensive services support a preponderance of the essential elements of Government contracting, operation and performance.

Advantages

Firms can target select items or a host of services from Stone Mountain and/or its Alliance Members. This allows our customers to achieve their objectives in conjunction with their investment. Our Alliance Members provide the essential business ingredients of legal, project planning and bonding all packaged together or available a-la-carte.

Business Start Up and Operations

Establishing your business, setting up operations and navigating through the government requirements and programs.

Obtaining the Work

Locating, targeting and responding accurately to government opportunities.

Performing the Work

Program Management and support for a specific Government task, effort or project.
